TORONTO

CIRCULAR TORONTO

A 10-Year Circular Economy Road Map

October 2026

toronto.ca/circulareconomy

Audiences

Circular Toronto is organized around 5 Strategic Directions, 15 Actions, and 55 Sub-actions that aim to:

Improve access to affordable local resources, programs, and education for **residents and communities**

Create an enabling, supportive environment for **businesses and industry** by removing barriers and providing incentives

Demonstrate success in **City operations** and leverage existing assets and resources to reduce waste

Strategic Directions

01 Invite everyone to participate in Toronto's transition to a circular economy

02 Accelerate the growth of circular business in Toronto

03 Demonstrate the benefits of circularity through City operations

04 Advance circular opportunities in every neighborhood in Toronto

05 Collaborate with other levels of government to accelerate circularity

Strategic Direction	Indicators
SD 1	• Resident, industry and City staff awareness of the circular economy. • Resident participation in City circular economy programming.
SD 2	• Number of businesses served by the City's circular economy programming. • Number of new businesses contributing to Toronto's circular economy ambition.
SD 3	• Amount of City procurement that incorporates circular economy principles. • Amount of circular construction and demolition waste recovered from City-owned assets.
SD 4	• Number of circular economy programs per ward. • Number of youth engaged through City-supported circular programs.
SD 5	• Total investment in Toronto municipal projects and business innovation related to the circular economy across levels of government. • Achievements from collaboration with other levels of government.

Objectives

Toronto reduces its overall material consumption.

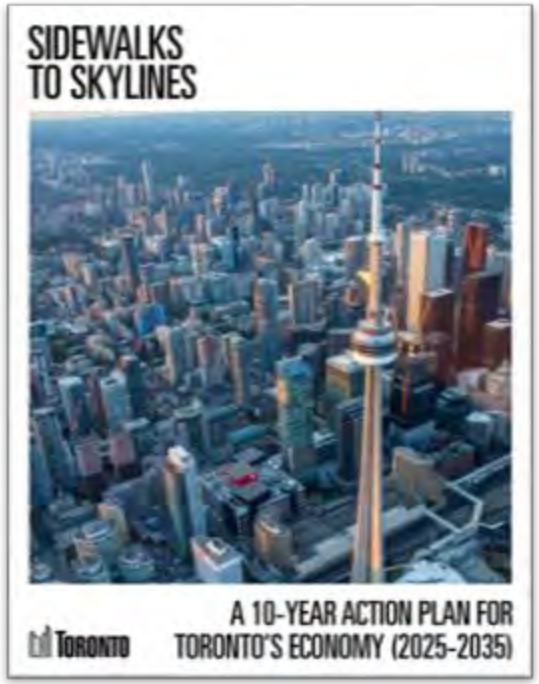

Toronto sustains a robust ecosystem of reuse, repair and donation.

Toronto is a leader in attracting and supporting businesses that contribute to the circular economy.
